## A Vision for the Future

March 2014  
Volume 35, Issue 3

We are here in Texas, and as often is the case, God is working in our lives at least as much as we are working, through Him, in other peoples lives.

The feedback we have been getting is challenging us to expand the reach of the seminar.

Just this morning Sheryl woke up after seeing us training Leaders. The parenting seminar we are doing now – but with a few different examples and a few different words.

This new seminar would give Leaders a taste of the peace and healing that can come from understanding:

- Their Four Core needs,
- The result of the Three Cornerstones in their lives and
- The benefit of allowing God to interact as a mentor in these two areas.

Then they are better equipped to reach into their community and touch people so the past hurts of those people could be healed and their lives filled with peace. (Go to our website LifeIsFullOfChoices.org for more information about the Core Needs and the Cornerstones.)

We are seeing how a few people are doing this for those who are around them: People who are hurting, with broken lives and ruined relationships.

By training more people I can see how:

- Three people on a block could take that block away from the gang and point the people toward a loving growing relationship with God.
- Five people, with this as their ministry outlook could revitalize a whole church.
- Twenty people acting and reacting like this and a city is made new.

If we can teach just 100 people how to do this the impact would be - well I don't even know what God could do with the testimony of that 100 people, I can only imagine.

Would you pray with us.

We are now in the process of setting up the video taping of a seven week training this Fall. Seven sessions that we could offer to Small groups, Sunday school classes and individuals.

How many people could make use of this training once it is on video?

Thank you for your financial support and your prayers. Your encouragement makes this ministry possible.

In His grip,

John

Thank you for those who responded with new e-mail addresses.

We received many positive responses from people who understood the need to, whenever possible, start sending out the EMRA EXPRESSIONS by e-mail. Let us know what you think.

*"What valuable information for all my relationships."* Beth

*"I am so excited about starting to use these methods."* Holly

*"God is in the whispers. This teaches us how to hear Him in practical ways."* Kerry

*"I would highly recommend these principles for all families and all pastors."*
