## Harvest

April, 2015  
Volume 36 Issue 4

Just before we left for England the Lord began to have many of the individuals we have ministered with, or to, connect with us. I would like to share stories from this harvest.

Danny, (one of our original kids in East Los Angeles) brought his 13-year-old daughter by. During our visit he shared about his choice to put God first in his life.

Danny shared how learning about "Choices" growing up in the ministry helps him even today. He struggles to keep focused on what God wants. But – he keeps hearing in his head how it is his choice every moment of every day to choose Jesus.

It is important for him to let us see how he is passing that on to his two children: A son 18 and a daughter 13. We are amazed and so grateful to God for allowing us to see the fruit of our labor being past on to the next generation.

One of the S.A.Y. Yes! Directors was picking up materials we had stored in our garage that she would use in her ministry. As we put things in her car she said, "OK, now I need a baton. You know the baton from a relay race. It is now our time to share with others what you have shared with us. We need you to pass us the baton as a way of celebrating your example of how to help others in ministry."

It was all I could do to keep from crying. WOW Lord!!! What an honor and privilege it has been to be here in Los Angeles and grow up a younger generation of leaders to carry on.

It was never our intention to leave Los Angeles – but in doing so, God is demonstrating how He has used us and that the fruit will continue to grow. We are so grateful.

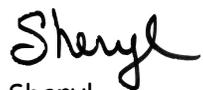

As we walk through London – we see another place where God is showing us that "the fields are ripe unto harvest". We started working with Sally over 25 years ago as a single missionary. Then when John and Sally got married we mentored them first as a couple and then a missionary couple. What they are accomplishing is a testimony to the truth that God can and does change lives!

We are excited about where God is leading us. We will continue to lift Him up and share His message of hope: "There is always a choice."

You are a part of this harvest. Your prayers, your support and your love for the Lord has made a huge difference in our life as well as many others in the past 35 years of ministry.

It is our prayer to continue for as long as the Lord allows.

Your missionaries,

Sheryl
