

Touching Kids Lives

As we look back over the last few months we realized that:

- Sheryl and I have been real busy and
- We haven't shared with you some of the special activities you have been praying for. These activities were with several S.A.Y. Yes! Centers with whom we are working, and their kids.

We took kids sailing one day on the ocean between Los Angeles and Catalina Island.

There was room for 34 "passengers" with a crew of eight. That day we "passengers" learned how to sail the boat. You can even see that Sheryl got a lesson in how to read a compass and got to "drive" the boat.

Another activity was Games Day.

Every year we invite all the S.A.Y. Yes! Centers for a day of group sports. We focused on basketball, volleyball, track and soccer. There were about 70 kids from six different Centers who attended that day.

Time is spent in teaching them some of the finer points of the game then playing together with kids they don't know.

These special activities are a way of taking these kids out of their comfort zone. We expose them to new situations, people and activities that otherwise they may never get a chance to experience.

I trust you will enjoy the pictures as much as we enjoyed being there to take them.

Thank you for your part in praying for these activities and your giving that made them possible.

In His grip,

For John and Sheryl Emra

Answered Prayer

Thank you for praying for our summer schedule.

We are traveling through the northwest until the end of September, then three weeks in Texas.

Our schedule is full in the Northwest and is filling up in Texas.

Prayer Requests

We have been having trouble with our 1992 Pickup.. We took in to the mechanic three times before we left Los Angeles and have taken it in twice here in Portland. They always find something to fix, but they never seem to fix the problem that we took it in to have fixed.

Please pray that the mechanic would have Gods eyes and ears and be able to fix what is wrong..

We are praying that it would be strong and last through our travels.

Please pray for safety as we drive the miles God has for us to drive.

Also, please pray for the people who will hear us speak..

We have ten services in the Northwest and three in Texas. Our desire is to attract new people to our ministry.
