Your Prayers...Availeth Much

Be in prayer as people begin to use the principles and concepts they have learned in the Parenting Seminars.

Implementing a new idea is a challenge. When we are doing it in order to raise up Godly children there is an added dimension that includes a Spiritual Battle for the souls of those children.

For the trainings we have already done this year and the ones coming up in September and October we are asking you to pray for:

- Parents who want to start using their new understanding of the Four Core Needs and the Three Cornerstones at home.
- Children's Ministry Directors and Sunday School teachers who are using these concepts with their Church kids.
- Pastors and Leaders who will use the materials as tools to reach out into their communities with the Gospel.

Earlier this year we did a parenting seminar and the Children's Ministry Director of that church saw the advantages of working with kids to help them choose to behave instead of making them mind. She "got it". Within the next week she had incorporated the concepts of Affection, Boundaries, Consistency and Discipline in the Sunday School Classes. She said: "If it can work at home, lets take advantage of it and use it here at Church too."

Every month we hear many stories of those who are called to reach out into their neighborhoods and touch the lives of children and families for the sake of the Kingdom of God.

Keep us in your prayers as we give them tools to use and remember to pray for the parents, teachers and pastors who's lives we are touching.

Sincerely,

Sheryl
for John and Sheryl Emra

Answered Prayer

Thank you for praying for traveling mercies on our trip. Whenever the truck has broken (5 times so far) we have been close to a place where we have been able to get it repaired.

As we have traveled this summer God has answered your prayers for our health.

Your prayers for the services and seminars are being answered. People are responding well to the message we are presenting.

Prayer Requests

Continue to pray for our safety as we travel throughout the Northwest.

Pray for Maria in China as she is starting a youth program there.

Pray for John and Sally Childress as they are raising their support to go to Germany. They will be taking Life Is Full Of Choices and using it as a Church planting tool.
