Rejoice

Sheryl and I often talk about how important your part in our ministry is. Whether you are praying for us or financially supporting Life Is Full Of Choices.

Volume 37 Issue 9

We always take seriously that the enemy wants to stop us from going where we are going and doing what we are doing - but his attacks have never been so concentrated as they have been this summer.

He is attacking us through our family.

Last week we sat down and made a list. It just went on and on. Every one of our immediate family has experienced a healthy related issue, circumstance relating to their job, or a family crisis.

We put all of this together after I was just a second or two from being under the 5th wheel when it came loose from the hitch and crashed onto our pickup truck.

Now, more than ever, we are seeing that the enemy doesn't want us to be where we are and doing what we are doing.

In spite of all that, this is what we have heard from people this summer:

- Every Church needs to be doing this. How many other people do you have presenting this material?
- The last time you just gave us an overview. This time I am understanding more.
- This came at the perfect time for our Church. We needed to hear this.

We will continue to teach the principles of Life Is Full Of Choices. With the enemy using the circumstances of life as road blocks to divert us and interrupting "our" time table, we choose to rejoice in every circumstance. And we see God being triumphant in every class!

Thank you for your support. Both in prayer and finances. We could not do this ministry without you!!

In His grip,

John

Answers to Prayer

Thank you for praying for our travel safety.

We have had a great month - and even with the damage to our pickup your prayers were answered. We have been safe!

Prayer Requests

Continue to pray for our safety as we travel. We are in Oregon until, the 19th. Then California for 2 weeks and finally, the first part of October, we will be back home in Texas.

We have been traveling since June 6th.

We often hear people say how wonderful it would be to travel like we do. It is fun. We get to meet people and visit places we have never been.

The downside is that our meal patterns and sleep pattern get disrupted.

Pray for our emotional energy. That we will finish this trip well!

Pray for the people who are attending our trainings. That they would continue to practice listening to God.

The Rest Of The Story

As we were writing this letter we kept trying to name it "The Enemy".

The further we got in the process the more convinced we were that this letter, while it talks about the enemy, is really not about him.

What he is doing, our reactions to his meddling in our lives and the lives of our family and ultimately how we choose to respond to his meddling is just the background to the really important part of what we are saying (or at least trying to say).

Your financial support makes this ministry possible - and your prayers make it productive for eternity!

Thank You!!! You are the reason we can rejoice!

As important as prayer is, we would be silly to ignore the financial aspect of ministry. In order for us to go where God wants us to go, it takes money - gas, food insurance and all the other things we need to buy in order to live.

If you are capable of financially supporting this ministry [click on this link](#). Fill out the response card and follow the directions on the card for mailing it to us.

If you would rather use PayPal click on the "donate button" to follow that link.

Again, we would like to thank you for your interest in our ministry and the time you spend supporting us - either with prayer or through finance

With so many people asking for your help, we are privileged that you choose to support us!

God Bless,

John
